Mitsubishi Paper Mills, Ltd.

12th China International Battery Fair

Mitsubishi Paper Mills Ltd. sets up a booth at 12th China International Battery Fair.

Date: May 24 (Tue)~May 26(Thu), 2016

Place: Shenzhen Convention and Exhibition Center

Booth number: 1A184

URL: <http://www.cibf.org.cn/>

Exhibition Contents:

- Separator for Lithium Ion Battery, "NanoBase X"

"NanoBase X" is a separator made of polyester non-woven with ceramic coating, which is suitable for Lithium Ion Batteries. "NanoBase X" contributes to offer improved batteries with higher safety and longer cycle-life.

- Separator for Electric Double Layer Capacitor (EDLC) "NanoBase 2"

"NanoBase 2" is an advanced separator for EDLC with the optimized combination of synthetic fibers and fine cellulose fibers, which contributes to make your EDLC to have better performance than the conventional materials.
