Mitsubishi Paper Mills Ltd.

ANEX2018

Mitsubishi Paper Mills Limited (MPM) will exhibit at ANEX2018 (ASIA NONWOVENS EXHIBITION AND CONFERENCE, Booth No. 2350), held at Tokyo Big Sight, Tokyo Japan, from Jun 6 (Wed) to Jun 8(Fri).

Please see the official site: https://anex2018.com/?user_language=en

A wide variety of nonwoven related products of Mitsubishi Paper Mills Group will be shown as bellows;

- “NanoBaseX”, Ceramic coated nonwoven
“NanoBaseX” can achieve more than 400 degree of heat resistance regardless of its thinness.
- “NanoBase0”, Thinner polyester nonwoven with high heat resistance
“NanoBase0” has high strength regardless of its thinness thanks to the use of ultra fine fiber.
- Glass fiber mixed nonwoven
MPM’s glass fiber mixed nonwoven has good dimensional stability with less itchy touch.
- Air filter
MPM’s air filter can give optimum functionality for each application.
- Recycled Carbon fiber nonwoven “Carboplas Ripro”
MPM’s carbon fiber nonwoven consists of recycled carbon fiber has high uniformity thanks to fiber dispersing technology.
- Heat / fire resistant ceramic fiber sheets “Koceran” presented by KJ Specialty Paper.

Other than above, a wide variety of wet-laid nonwoven products that can be customized, special fiber blended nonwoven fabric offered for quality requirements, CNT related products, and etc. will be shown.
