

## IOTE 2018

Mitsubishi Paper Mills Limited will exhibit at the IOTE 2018.

Exhibition: The 10<sup>th</sup> International Internet of Things Exhibition Summer fair 2018  
(IOTE 2018)  
Date : July 31 - August 2, 2018  
Place: Shenzhen Convention & Exhibition Center  
Booth No. : 1A327  
URL: <http://eng.iotexpo.com.cn>

Exhibition Content: “ThermoRewrite”

ThermoRewrite is a rewritable thermal recording material which is widely used as a key material of rewritable cards. By using ThermoRewrite, visual information can be renewed repeatedly. Therefore, latest and most up-to-date information can be shown on the card.

Major applications of ThermoRewrite are ID cards with validity date, Membership and Loyalty cards, Access control cards, Visitor Badges, etc.

Mitsubishi Paper Mills Limited is conducting demonstration of ThermoRewrite Technologies at the booth 1A327.
