Mid-Term Plan II
Second Mid-Term Management Plan: The Results of Initiatives for Major Themes (Outline)

① Structural Reform of Printing Paper Business
- A steep rise of raw material & energy cost
- The quantity/product mix worsened due to the decline in demand.
- We stopped the operation of the paper machines No. 4 in the Hachinohe Mill.
- We revised the prices of printing paper.
- We adopted the transportation adjustment payments system.
- The operation in Germany secured a certain level of profits.

② Improving Profit Base
- Our alliance with Fujifilm consumed time to achieve high quality base paper and couldn’t achieve the planned targets.
- Sales expansion for thermo rewrite and tape base paper targeting overseas were healthy.

③ Developing New Businesses
- Collaboration with Oji Group is proceeding steadily to inaugurate the biomass power generation business and household and consumer paper business.
- We are installing new equipment to establish the functional film business, and we are continuing the cultivation of the IJ transfer paper market.
- A steady growth of the water treatment membrane supporting bodies, for products related to non-woven fabrics

④ Strengthening Business Foundation and Financial Ground That will Support the Group’s Earning Power
- Streamlining of business operation by integrating the accounting departments in the group, unifying fund procurement, etc.
- Dealing with personnel affairs with the new operation base
- Achievement of the targeted decrease in interest-bearing liabilities and D/E ratio
- Reduction of labor costs by soliciting voluntary retirement
Second Mid-Term Management Plan: Key Investment Performance 1/2

Household and Consumer Paper Business
(Printing Paper Business)

**MPM Oji Home Products Co., Ltd.**
( Financing: 70% from Mitsubishi Paper Mills and 30% from Oji Nepia)

- Product type: Tissue paper and toilet paper
- Production volume: Approx. 18,000 tons per year
- Investment amount: Approx. 6 billion yen

Kyoto’s new coating machine
(Imaging Business)

- Product type: Functional films (Electronics-related products, etc.)
- Sales: Approx. 2 billion yen
- Investment amount: Approx. 1.5 billion yen

Inclined-wire paper machines
(Speciality Materials Business)

- Product type: Inorganic fiber paper, paper wiper, synthetic fiber paper
- Installed in Fuji factory, KJ Specialty Paper Co., Ltd.
Biomass power generation business

**MPM Oji Eco Energy Co., Ltd.**

(Financing: 45% from Mitsubishi Paper Mills and 55% from Oji Green Resources)

- Production Capacity: Approx. 75,000kW
  (Power generation capacity)
- Sales: Approx. 11 billion yen per year
- Investment amount: Approx. 24 billion yen
New Mid-Term Management Plan
The Capital and Business Alliance Agreement with Oji Holdings

Second Mid-Term Management Plan

Capital alliance

Oji Holdings holds 33% of our company’s shares

⇒ Our company became Oji Holdings’ equity-method affiliate

New Mid-Term Management Plan

Business alliance

Broadening and cementing of business alliances

- Biomass power generation business
- Household and consumer paper business
- Communication paper field

Synergy encompassing all business fields

Achieve a synergy effect of 2.5 billion yen or more by the final year of the plan

- Equipment investments for joint venture businesses, etc.
- Reducing the costs for raw material & energy
- Reducing the supply and logistics costs
- Reducing the chip procurement and logistics costs
- Streamlining of production system, etc.

33%

2.35%

The Basic Principles for the New Mid-Term Management Plan

Period

FY 2020 to FY 2022 (3 years)

Basic Principles

Strengthening and diversifying the business base for a new stage

Key strategies

1. To establish a robust management base through the alliance with Oji Group
2. To make structural reforms and enrich existing businesses
3. To diversify the business base by fostering new profit pillars

#### Graph

- **Balance of interest-bearing liabilities**
- **D/E ratio**

**New Mid-Term Management Plan**

**Strengthen Financial Ground**
Broadening and cementing of the effect of the capital and business alliances with Oji Group

(1) Basic strategy

- We aim to enhance our competitiveness by rapidly improving efficiency and cutting down costs by building strong cooperative relationships in all business fields.
- We will stabilize the management base and reduce interest-bearing liabilities further by strengthening the financial ground.

(2) Goal

- The goal of the business alliance by the final year of the plan (the term ending March 2022) is to achieve an operating income of 2.5 billion yen or more.
- To strengthen the business base by expanding the alliances in multiple businesses and enhancing synergistic effects.
- To strengthen the financial ground (interest-bearing liabilities are 100 billion yen or less; D/E ratio is 1.3.)
◆ Stabilizing the profitability of the Printing Paper Business

(1) Basic strategy

- Early exertion of the effect of the alliance with Oji Group
- Marketing that prioritizes profit
- Changing the product lines

(2) Major policies

- To mutually strengthen OEM
- To change the sales policies of Mitsubishi Paper Sales Co., Ltd.
  (Shift to the distributor of Oji Paper Co., Ltd. in January this year)
  - To reduce procurement and logistics costs including mutual utilization of warehouses and logistics systems.
  - To establish a production system according to the demand trend and improve production efficiency.
  - To reduce costs for buying raw material & energy.
To make structural reforms and enrich Imaging Businesses

(1) Basic strategy

- To expand our alliance with Fujifilm further
- To secure profit from the maturing existing products by actively expanding into overseas markets

(2) Major policies

- To cement our alliance with Fujifilm to increase the volume of base paper
- To expand the application scope of ink-jet paper and promote sales in emerging economies
- To expand sales of flexographic and screen printing market in Asia
To make structural reforms and enrich the Speciality Materials Business

(1) Basic strategy

- To expand sales of non-woven-fabrics-related products and install more paper machines
- To expand sales in Asian and European markets

(2) Major policies

- To increase sales of base materials for RO membrane, MBR membrane, and Olefin membrane
- To supply battery separators to Beijing National Battery Technology Co., Ltd. on a full-scale basis
- To expand sales of decorative sheet base paper in Southeast Asia
- To expand sales of tape base paper in Europe
- To make an early launch of new products manufactured by the new inclined-wire paper machines
